

Suicide Liaison Service

*For those who are
left behind*

Bereavement by suicide can be particularly painful to cope with and many people find it hard to access the practical and emotional help and support they need.

Kernow Clinical Commissioning Group, in partnership with Outlook South West, has developed a service to support all adults in Cornwall bereaved by suicide.

We provide one-to-one support; liaison with the Coroner, help with the inquest, and signposting to other services that can help you. We also deliver an 8-week grief education programme at different locations across the county.

“I cannot believe how much Outlook South West has done for me since this tragedy happened, from almost immediate contact with the Suicide Liaison Service, to the best therapist I have ever encountered, to the professionalism of all the support staff. I am very grateful.”
